

ATouch SAW Touch Panel Manual

A. Products:

I. Protected SAW Panel

II. Monitor

B. Stick the twin adhesive:

- I. Please stick the twin adhesive on the edge of the panel like the photo1.**

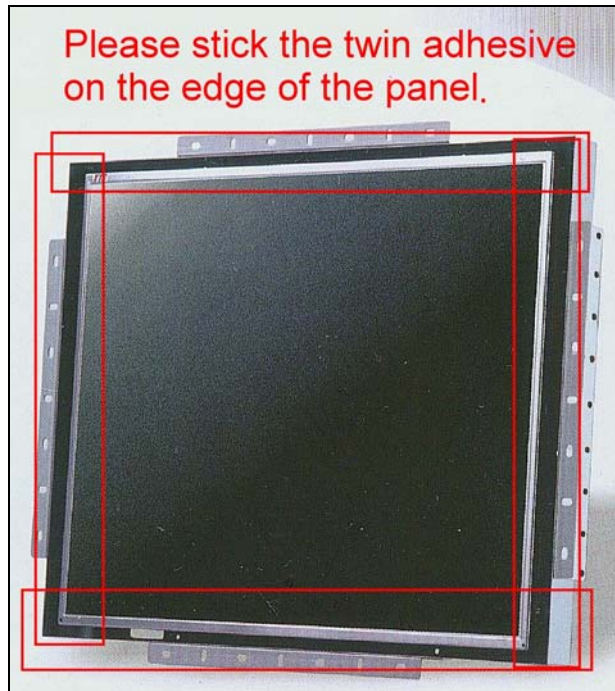

Photo1

- II. Please stick the panel on the monitor by the twin adhesive like the photo2.**

Photo2

III. The panel is very heavy. Please make a shelf to support the panel not to fall like the photo3.

Photo3

C. Note:

- I. Please make a shelf to support the panel not to fall. The protected SAW touch panel is very heavy. I am afraid the panel will fall if you don't use the shelf. The twin adhesive is not enough to support the panel not to fall.**
